

When Is a Crime Reported?

Exploring occurrence-to-report gaps in Los Angeles crime records, 2020–2024

1,004,894 CRIME RECORDS

01 MOST RECORDS HAVE SHORT GAPS

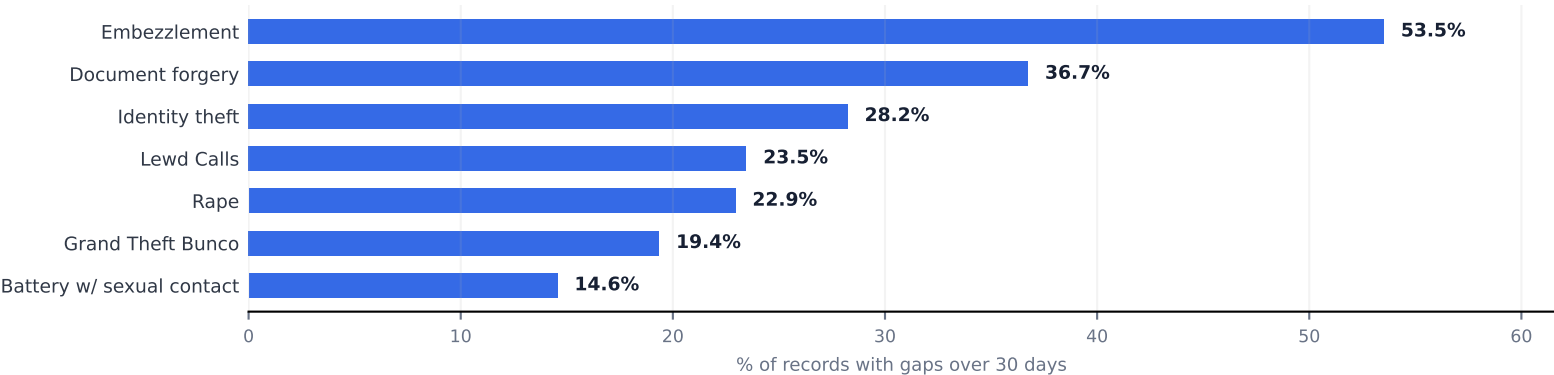

86.9%

of records have an occurrence-to-report gap
of 7 days or less

02 THE PATTERN CHANGES BY CRIME TYPE

Crimes vs. Long Report Gaps

53.5% Embezzlement
had gaps over 30 days

0.7% Robbery
had gaps over 30 days

03 THE LONG TAIL EXTENDS BEYOND A YEAR

0.75%

of all records have gaps
of more than one year.

THE TAKEAWAY

Most records have short
gaps, but the long tail varies
sharply across crime types.
